Nothing could be more unreasonable than the stand taken by the coal operators in their recent conference with the president. These "captains of industry" who style themselves "God's chosen people," perhaps are not gifted with enough brains to realize that the operation of coal mines concerns them not alone, but everyone who uses coal for fuel. Their present attitude is fully as brutal as was that of the Klondike transportation companies, which a few years ago had hundreds of tons of provisions locked up in warehouses while miners actually starved to death. Baer and the men associated with him are scoundrels. The miners ask an advance of only 3 cents an hour. These men, whose work is most laborious, eat meals which cost but three cents each. Things have indeed come to a sorry pass when American workmen must thus limit themselves. Baer and his co-conspirators against the general welfare are rolling in millions, yet they have no thought for the 150,000 miners and 1,000,000 others who must pinch themselves because the operators are absolutely devoid of any sense of justice. Baer's religious protestations, as recently applied, are nothing short of sacrilege. Imagine! the heavenly standard of one who thus inflicts untold sufferings upon millions because he desires to add to his already great fortune! There is a place for such Christians as Baer and he will certainly find it—a place where coal will be mined with brimstone.

Astoria sportsmen are anxiously awaiting the decision of Game Warden Quimby as to whether or not it is his intention to cause the provisions of the game laws to be rigidly enforced. The Oregon law prohibits the killing of Chinese pheasants in Clatsop county, and further specifies that it shall be unlawful for any person to have the birds in his possession within the county. There are many sportsmen in Astoria and nearly all of them make pilgrimages to the Willamette valley counties, in quest of the Denny pheasant. If the provisions of the law are enforced it will be impossible for local hunters to bring home the birds killed by them in the valley, and during the past week Deputy Warden

IT'S CHILD'S PLAY

To treat a woman for a disease year after year and give her no permanent relief. Yet that has been the case with scores of women who have "doctored" for year after year, until they were nearly dead, and then to find that a few bottles of Dr. Pierce's Favorite Prescription would have saved years of suffering and a great deal of money.

For the regulation of the periods, the stopping of disagreeable drains, the healing of inflammation and ulceration, and the cure of female weakness, there is no medicine can equal Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well.

"About five years ago I had very poor health," writes Mrs. S. E. Whalen, of Holden, Johnson Co., Missouri. "After doctoring four years with our best doctors they gave me up; said they had done all they could. I had been confined to my bed half my time; the other half could hardly drag around. I had such pains in my back and abdomen I could not stand for more than a few minutes. My feet were cold or burning, and my periods came too often. The doctors said it was change of life, so as I had heard of Dr. Pierce's medicine, my husband got me a bottle of 'Favorite Prescription.' I took it and it helped me in some ways, so I wrote to you and followed your advice. I commenced 'Favorite Prescription,' 'Golden Medical Discovery' and the 'Pellets,' as I was so much improved all the time and pills were so much so that I would have to go to bed. To the great surprise of everybody I got well, and when I met my friends they would say, 'We never thought you would be here now.' But I say it was your medicine, which no doubt is the best in the world. Have had no use for doctors since I used your medicine."

Dr. Pierce's Pleasant Pellets cure constipation.

Hardesty has been asked if the law would be enforced. Mr. Hardesty has written Mr. Quimby with reference to the matter, and on the warden's reply will depend the future action of the deputy. Mr. Hardesty believes the provision in question should be overlooked, it being plain that the law intended merely to prevent the killing of Denny pheasants in Clatsop.

It was a surprise to the outside world when a fair city like Minneapolis unearthed a most systematic and disgraceful scheme of hoodlums. St. Louis has broken that record, and the first conviction proves what one honest prosecutor can do in laying bare the iniquities of an office-holder if he desires so to do. The great difficulty is that, as a general rule, the whole of the elected politicians work together and trust each other to an unbusinesslike extent. The victors in a campaign consider that certain unmentionable emoluments belong to them, and in taking what is lawful they sometimes strain their consciences to an extent that makes them actually thieves without knowing it. Of course that is presuming that they have any consciences to strain. Also most politicians, especially near the election day, are not staggering under the burden of an over-developed conscience.

Portland is gradually getting into the habit of claiming any Oregon honors which may spring up from every gooseberry bush. Quite recently Astoria sent a whole train of salmon to the East and the old lady with the tower proudly announced the fact that the train left Portland. It did. It stayed there to get water, said "How do you do," and that was all the high-toned city had to do with it. We backed the salmon, engaged the cars and made up the train. We may not be able to boast a fair or get up a gambling raid but we do claim that we know something about salmon and how to ship it. After all it is complimentary to Astoria that Portland should attempt to steal our honors. We have lots of other things to pride ourselves on besides fish and we get the money—Portland is welcome to the pleasure of announcing that our trains pass through her depot.

It is not at all surprising that the railroads are beginning to require some kind of credentials for so-called politicians. There are certain people who, even as politicians, are doing something towards the advancement of those parts of the country through which railroads run. There are also a great number of men who think they are doing so, and claim passes for which they have no right. The wealth of a railroad has nothing to do with the case. If a man is entitled to courtesies from a railroad he should have them, if he is not so entitled he should be without them. And one satisfactory point is that the railroads are not as a rule given to handing them out promiscuously.

OTHER CITIES.

The Superior Court at Ilwaco had a long list of cases, mostly of a routine character. There was only one divorce case so the session was not very exciting.

Coal, coal everywhere, but not a ton to burn at reasonable prices. The people of the United States propose to find a remedy for these vamped-up coal famines.—Ex.

There must be something wrong with the municipal affairs of Everett. The Record says: "The record will undertake to put an engineering force in the city hall for \$900 a month that will do more and better work than the present \$1,000 force is getting. But the office would be full of new faces."

THE BEST IS NONE TOO GOOD FOR YOU.

We can furnish you with the best for no more than you might pay for the worst, therefore, don't throw away good money for poor service, but if you are going East, or have friends coming West, let us tell you what we can offer on Chicago, Washington, New York, Boston, St. Louis, Memphis, New Orleans and all intermediate points. A MILLION VOICES

Could hardly express the thanks of Homer Hall, of West Point, Ia., for the reason why a severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. It's positively guaranteed for Coughs, Colds and Lung troubles. Price 50c and \$1. Trial bottles free at Chas. Rogers' drug store.

BRONCHITIS FOR TWENTY YEARS

NO FALSE CLAIMS.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Beware of substitutes.—Sold by Frank Hart, druggist.
